Austria-Hungary Breaks With The United States.

Germans Sink Own Ship In Harbor of Guam Rather Than Surrender To United States Commander.

WASHINGTON, April 9.—Baron Rich Zwiendek, charge of the Austrian-Hungarian embassy here, to-day demanded his passports. By this act Austria-Hungary breaks off diplomatic relations with the United States.

By pre-arrangement, Spain will take over the diplomatic and consular interests of the United States in Austria-Hungary. All Austrian consular agents will depart from the United States with the diplomatic mission, as was the case with Germany.

Austria's break with the United States undoubtedly is the prelude to a declaration of a state of war.

WASHINGTON, April 9.—The interned German cruiser Cormorant has been blown up by its crew in the harbor of Guam. The ship was destroyed by the Germans as United States marines were going to seize the vessel. One German warrant officer and one German enlisted man were killed, and one warrant officer and four enlisted men are missing. The navy department statement indicated the missing men has escaped. Twenty German officers, 21 warrant officers and 321 enlisted men of the vessel were taken prisoners.

The Cormorant was a converted cruiser, active in the early days of the war in raiding allied commerce in the south Pacific.

WASHINGTON, April 9.—Kentucky will be called upon to furnish to the Federal army under the call for 1,000,000 men approximately 20,000; from this number will be deducted the number now in the Kentucky national guard.

During the second year of the war, should the second million of men be called for Kentucky would have to furnish a full 20,000 men. This number is on the basis of 1,800 for each Congressional district of the State.

It is the plan to take first those who are now twenty-five years old, after that, if necessary to secure the desired number, those twenty-four year old. Those who are married, or who have other persons dependent upon them for support, or those who are especially disqualified, will not be taken.

LEXINGTON, KY., April 9.—Lexington will be the point of mobilization for Kentucky troops and probably those from adjacent States.

A dispatch from Washington this morning states that the city has been officially designated and that the only question is as to which of two farms that have been under consideration will be selected.

Kentucky now is in the Department of the East and General Leonard Wood, its present commander, has approved one of the tracts. May 1, the State goes into the Central Department, General Thomas H. Barry, commanding. General Barry prefers the other camp site. It is believed here that an agreement on one of the other will be reached speedily.

LOUISVILLE, KY., April 9.—Reports of German intrigue to stir up disloyalty and sedition among the negroes of the country are confirmed in a report completed by Roscoe Conkling Simmons, of Louisville, national leader of his race, telling how a semi-official investigation made by him showed the utter failure of these plots. Dr. Simmons has placed the information in the hands of President Wilson. Attorney General Gregory and Secretary of War Baker.

WASHINGTON, April 9.—Plans are being seriously considered by the Congressional leaders to double postage rates as a war revenue measure. An ordinary letter under the plan proposed would require a 4 cent stamp and a postal card would cost 2 cents.

COPENHAGEN, April 9.—Great bitterness has been aroused among the Germans by the terms of President Wilson's message, according to Mr. Wheeler, of the University of Wisconsin, the last American to leave Berlin before the war declaration became effective. He arrived here Saturday via Warrenton. He was the only American on the train crossing the frontier about the time the news of the formal declaration was received in Germany.

PANAMA, April 9.—The President of the Republic of Panama, Dr. Ramon Valdez, signed a proclamation committing Panama unreservedly to the assistance of the United States in the defense of the Canal. The President also cancelled the exequaturs of all the German consuls in Panama.

It is announced that the German residents in Panama will be interned if they give any evidence of being involved in plots. The proclamation was issued after

A CALL FOR SERVICE.

The following bulletins received to-day:

"The indications from Washington are that a bill will pass in a few days providing for Compulsory Universal Military Service. This will mean that young unmarried men, probably between the ages of twenty and thirty, will be drawn into the service. The extent of the service and the carnage incident to it no one can foretell. For this reason, as representatives of the Northwestern Mutual Life Insurance Company, there is no no service due our country from us, that requires more sacrifice and heart-breaking effort than our solemn duty to see that every man in our territory, at present inadequately insured, has this matter powerfully and prayerfully placed before him. There is not a man connected with this Agency Force who will not stand ready to make the supreme sacrifice necessary WHENEVER, WHEREVER and HOWEVER duty calls. So in this spirit let us push our work and get in every application possible BEFORE THE COMPANY PUTS ON ITS WAR CLAUSE. Some companies have already done so and we are, hourly, expecting notice from the Northwestern to that effect.

"If you fail to put these facts before every citizen in your territory, who will be subject to military service, or who has sons who will be, you are as recreant to your duty as though you were to desert, under fire, in the face of an enemy invading our National Boundaries. If we know our minds and hearts, there is not a selfish thought finding lodgment in this appeal to you, but only a sincere desire to aid in alleviating, in some degree, the suffering that will follow war.

"The things to which we are calling your attention may not materialize, but we are now in a State of War and know not what the end may be. The nation is actively and vigorously preparing against these possibilities and it is our duty, as citizens, to support the work and it is also our duty, as Life Insurance men, TO INSIST THAT THE INDIVIDUAL LIKEWISE PREPARE FOR THE DISASTERS WHICH LIE BEYOND THE PALE OF GOVERNMENT ASSISTANCE.

"Let us put a concrete proposition before you.

"Suppose some neighbor or friend of yours, between forty-five and sixty years of age, has two boys of military age. Under normal conditions, it is but natural for him to feel that in event of his death, his wife and daughters could look to these sons for support and comfort. But perhaps with these boys in the army and a violent war raging, this man should be taken from his family, or suppose that these boys should be killed in battle, the only institution known to present day civilization that can in a measure cover this tragedy is Life Insurance. THE FATHER AND SONS SHOULD ALL BE INSURED.

"This is a call to duty and service too serious to be ignored and we implore you, in the name of humanity, not to spare yourselves in carrying this message to your fellowmen.

"With a profound prayer that these possibilities, which are gathering on the horizon of our National Peace, may be dispelled by a Merciful and All Wise Providence.

"P. S. IF FOR ANY REASON A PROSPECT PREFERS TO PLACE HIS INSURANCE ELSEWHERE, INSIST THAT HE SHALL DO SO AT ONCE."

Let me urge you to call at my office to-day, as we know not what we can offer later.

President Valdez had sent a message to President Wilson endorsing the American action in declaring a state of war with Germany.

ROME, April 8.—Great crowds, headed by bands, marched last night to the residence of Thomas Nelson Page, American Ambassador, where they enthusiastically acclaimed President Wilson and the United States as a new ally.

The Ambassador and Mrs. Page appeared with the Embassy staff on a balcony from which waved American and Italian flags.

Replying to the address of a deputation, Ambassador Page said it was impossible for him to express the profound feeling stirred in him by the great demonstration in appreciation of the step taken by his country.

WASHINGTON, April 9.—Suppression of German propaganda in South America was discussed at the State Department by Counsellor Polk and Ambassador Spring-Rice. Huge war profits made by the Germans in South America, it is known, have been used for interfering in various ways with supplies to the Allies and for furnishing supplies to German raiders. An extensive German underground system

President's War Proclamation A Remarkable Document

Lines of Conduct For The "Alien Enemy" Defined In Plain Language.

WASHINGTON, April 6.—President Wilson to-day issued this war proclamation:

"Whereas, the Congress of the United States, in the exercise of the constitutional authority in them, have resolved by joint resolution of the Senate and House of Representatives, bearing date this day, that a state of war between the United States and the Imperial German Government, which has been thrust upon the United States, is hereby formally declared:

"Whereas, it is provided by section 4067 of the Revised Statutes as follows:

"Whenever there is declared a war between the United States and any foreign nation or Government or any invasion of predatory incursion is perpetrated, attempted or threatened against the territory of the United States by any foreign nation or Government, and the President makes public proclamation of the event, all natives, citizens, denizens or subjects of a hostile nation or Government, being male of the age of 14 years and upward, who shall be within the United States and not actually naturalized, shall be liable to be apprehended, restrained, secured and removed as alien enemies.

May Make Regulations.

"The President is authorized in any such event by his proclamation thereof, or other public acts, to direct the conduct to be observed on the part of the United States toward aliens who become so liable; the manner and degree of the restraint to which they shall be subject and in what cases and upon what security their residence shall be permitted, and to provide for the removal of those who, not being permitted to reside within the United States, refuse or neglect to depart; and to establish any such regulations which are found necessary in the premises and for the public safety;

"Whereas, by Sections 4068, 4069 and 4070 of the Revised Statutes, further provision is made relative to alien enemies:

"Now, therefore, I, Woodrow Wilson, President of the United States of America, do hereby proclaim, to all whom it may concern, that a state of war exists between the United States and the Imperial German Government, and I do specially direct all officers, civil or military, of the United States that they exercise vigilance and zeal in the discharge of the duties incident to such a state of war, and I do, moreover, earnestly appeal to all American citizens that they in loyal devotion to their country dedicated from its foundation to principles of liberty and justice, uphold the laws of the land and give undivided and will. has been established through many countries.

TUCKERTON, N. J., April 9.—Five Germans who formerly represented the German Imperial Government at the big radio station here until the Federal authorities assumed charge a month ago, were arrested here by Federal agents. It is believed the men were taken into custody on suspicion of being implicated in a conspiracy to destroy the plant.

MANILLA, April 9.—The former German vice consul at Cebu, C. Anre, was arrested as a measure of precaution. For three months rumors have connected him with a plot to foment an insurrection among the Filipinos. Officials say he made no headway.

WASHINGTON, April 9.—Seizure of all radio stations in the United States and its possessions, operation of those needed for naval communication and closing of others, was authorized by President Wilson.

Enforcement of the order was delegated to Secretary Daniels and preliminary steps toward carrying it out already are in progress. It is understood that all plants for which no place can be found in the naval wireless system, including amateur apparatus for which close search will be made, are to be put out of commission immediately.

BROWNSBORO, TEXAS, April 9.—Pro-American sentiment is spreading rapidly in Mexico, and General Canzan is reported to be considering routing all Germans out of the Mexican Army, according to information sent to Washington by United States Consul Johnson in Mantamoras across the river from Brownsville.

As to the \$250,000 job left by an enlisted Kansas Cityite, he should have no trouble in finding a substitute to fill it.

BIG MASS MEETING CALLED FOR SATURDAY.

A big petition signed by every merchant in Paris, asking Mayor Hinton and County Judge McMillan to call a patriotic mass meeting to be held at the court house Saturday, was circulated in Paris yesterday by Mr. Robert S. Porter and others.

The petition as presented to citizens for their signatures reads as follows: "THE HONORABLE MAYOR OF THE CITY OF PARIS AND THE HONORABLE JUDGE OF BOURBON COUNTY:

"We, the undersigned citizens of Paris and Bourbon county, realizing that the entire citizenship of this city and county desire in some manner to express their loyalty to their country and to President Wilson at this critical period, do hereby petition you to issue a proclamation naming Saturday afternoon, April 14, as a time for all the loyal citizens of the city and county to assemble at the Bourbon County Court House at 4 o'clock, at which time resolutions will be read declaring our loyalty to our country, our President and our flag. We also request you to ask all merchants to close their places of business between the hours of 2 and 3 o'clock in order to enable their employees to take part in the patriotic demonstration."

In compliance with the call Mayor Hinton and Judge McMillan got together and promulgated the call, which is published below as follows:

"TO THE PUBLIC:—

"Believing that every citizen of Paris and Bourbon county, at this critical period, desires in some way to express loyalty to our country, a mass meeting of the citizens of Paris and Bourbon county is hereby called to meet at the court house on Saturday afternoon at two o'clock to pass resolutions to be sent to President Wilson declaring loyalty of this community to him, to our country and to our flag, and our readiness to do our part in upholding our national honor.

Every merchant in Paris is requested to close his place of business from 2 to 3 o'clock so that everyone may have an opportunity to attend this meeting. Every patriotic citizen of the county and city is expected and urged to be present.

"J. T. HINTON, Mayor of Paris. "C. A. McMILLAN, Judge Bourbon County."

What Free Government Means.

The granting to the English people
700 years ago of the Magna Charter
seems an event of very distinct inter-
est. Yet all through our daily life
we find ideas and principles that date
back to this historic occasion. The
present generation owes its debt to
those who ages ago asserted the right
of the citizens against tyranny.
A school boy was asking the other
day, about the method of procedure in
case a man was arrested for some
minor offense. If the offender was
seen by the police officer to be clearly
guilty, without any question about it,
it seemed strange to the boy that he
could not be punished without going
through with the formality of taking
him before a court. Perhaps some
grown-ups will think so too.

As the boy grows older he will find
running through our life the Magna
Charter principle, that no one be con-
demned on suspicion, or in an irregu-
lar or informal way. Every accused
person must have his chance in court
to prove his innocence, before a jury
if he wishes. This and similar Magna
Charter principles add to the comfort
of living in the United States, and
spare us the fussy intrusiveness of
many of the older governments. But
the individual often abuses this liberty.
The rowdy disturbs the quiet of the
streets and public conveyances. When
a policeman asks him to keep quiet,
he retorts "This is a free country,
ain't it?" The offender in the courts
is sheltered by technicalities and for-
malities. These are the tools with
which clever lawyers postpone justice
interminably in behalf of wealthy clients.

The criminal, the corrupt legislator,
the political boss, the fraudulent
contractor, these and others find that
the American protection thrown about
the individual comes in very handy in their
business. There is a growing feeling
that the evils resulting from a wide
degree of freedom may today be al-
most as serious as those resulting
from the tyranny of kings in the old
days of the Magna Charter.

Flag Day Thoughts.

Many patriotic people of recent years
have been thinking about how the flag,
as the national symbol, can be made
the object of warmer affection, and as
a result of this feeling, nearly every
day in the year can now be celebrated
as Flag Day.

One reason why the love for the flag
is a sentiment that needs active cul-
tivation, is that national spirit is
crossed and dimmed by State spirit.
Our country includes a vast range of
territory, the most diverse elements of
population whose economic interests
are different. These divergent ele-
ments have been held together by
granting a large degree of local self-
control.

By allowing the people of each local-
ity to settle home concerns, a great
deal of friction is avoided. But the
result of this wise policy is to obscure
the power and influence of the federal
government. There are many people
whose hearts or emotions are never
touched by a symbol expressing a
power so remote from daily life.

Yet the flag and the power back of
it stands for popular government, the

exclusion from our policies of those
monarchical ideas that have brought
the old world to grief. It means peace
ful development of our resources, edu-
cation for all, equal opportunity so far
as human nature permits, a freedom
from arbitrary interference by govern-
ment.

The government comes closer into
every-day existence than it used to.
Its experts show us how to till our
soils, its money develops water courses
and brings out resources, and it pro-
tects us from menacing foreign aggres-
sion. Flag Day is an occasion when
the schools and other agencies should
emphasize the real meanings of our
America, and urge all to emulate the
noble qualities of those who created
this symbol 139 years ago.

MORE BUZZARD THAN EAGLE.

Senator W. J. Stone, of Missouri,
gave a statement to the press imme-
diately after the President's speech to
Congress, Monday evening. Here it is:
"I am against a declaration of war,
but, when it is declared, I will be a
war eagle screaming as loud as the
rest. Blood is thicker than water and
no matter what opinions a man might
have about the need of war, any other
position would be contemptible and no
American would contemplate it."

The best service Wm. J. Stone can
give to his country is to keep quiet,
and permit the country to forget that
he is still a Senator. Mr. Stone may
"scream like a war eagle" after war is
declared, but we cannot forget that he
operated as a buzzard before the de-
claration of war. He turned his back
upon his country at the time he was
really in a position to render some
service to her. He played the game
for a foreign enemy, and he cannot
now redeem himself by idle chatter
about war eagles.

It Mr. Stone really wishes to serve
his country, let him resign from the
Senate and permit a real American to
take his place.—Louisville Post.

HELPFUL WORDS FROM A PARIS CITIZEN.

THINGS TO WORRY ABOUT.

The papers and magazines of the
United States carry in their editions
the advertisements of about 50,000
different dentifrices; all guaranteed to
relieve or absolutely cure; each one
the very best; each one the result of
"fifty years' patient research and ex-
perimenting;" each one prepared from
a formula discovered by "an experi-
enced dental surgeon;" each one bet-
ter than the other (we've tried all of
em)—and yet the poor sufferer has to
rely at last upon his local dentist in
time of trouble and distress.

P. S.—This is no advertisement!

ing support to those measures which
may be adopted by the constitutional
authorities in prosecuting the war to a
successful issue and in obtaining a
secure and just peace;

Must Preserve Peace.

"And, acting under and by virtue of
the authority vested in me by the
Constitution of the United States and
the said sections of the Revised Stat-
utes;
"I do hereby further proclaim and
direct that the conduct to be observed
on the part of the United States to-
ward all natives, citizens, denizens or
subjects of Germany, being males, of
the age of 14 years and upward, who
shall be within the United States, and
not actually naturalized, who, for the
purpose of this proclamation and under
such sections of the Revised Statutes
are termed alien enemies, shall be as
follows:

"All alien enemies are enjoined to
preserve the peace toward the United
States and to refrain from crime
against the public safety, and from
violating the laws of the United States
and of the States and territories
thereof and to refrain from actual hos-
tility or giving information, aid, or
comfort, to the enemies of the United
States, and to comply strictly with
the regulations which are hereby or
which may from time to time promul-
gated by the President, and so long as
they shall conduct themselves in ac-
cordance with law they shall be un-
disturbed in the peaceful pursuit of
their lives and occupations, and be
accorded the consideration due to all
peaceful and law-abiding persons, ex-
cept so far as restrictions may be nec-
essary for their own protection and for
the safety of the United States and to
ward such alien enemies as conduct
themselves in accordance with law, all
citizens of the United States are en-
joined to preserve the peace and to
treat them with all such friendliness
as may be compatible with loyalty and
allegiance to the United States.

Liability to Restraint.

"And all alien enemies who fail to
conduct themselves as so enjoined in
addition to all other penalties prescrib-
ed by law, shall be liable to restraint,
or to give actual or to remove and de-
part from the United States in the
manner prescribed by Sections 4069
and 4070 of the Revised Statutes and
as prescribed in the regulations duly
promulgated by the President.

"And pursuant to the authority vest-
ed in me, I hereby declare and estab-
lish the following regulations, which I
find necessary in the premises and for
the public safety:

"1. An alien enemy shall not have
in his possession at any time or place
any firearms, weapons or implement
of war, or component parts thereof,
ammunition, Maxim or other silencer,
arms or explosives or material used in
the manufacture of explosives.

"2. An alien enemy shall not have
in his possession at any time or place
or use or operate any aircraft or wire-
less apparatus or any form of signal-
ing device, or any form of cipher code
or any paper, document or book, writ-
ten or printed in cipher or in which
there may be invisible writing.

"3. All property found in the posses-
sion of an alien enemy in violation of
the foregoing regulations shall be sub-
ject to seizure by the United States.

Must Avoid War Plant.

"4. An alien enemy shall not ap-
proach or be found within one half
mile of any Federal or State fort,
camp, arsenal, aircraft station, Govern-
ment or naval vessel, navy yard, fac-
tory or workshop for the manufac-
ture of munitions of war or of any pro-
ducts for the use of the army or navy.

"5. An alien enemy shall not write
print or publish any attack or threat
against the Government or Congress of
the United States or either branch
thereof, or against the measures or
policy of the United States, or against
the persons or property of any person
in the military, naval or civil service
of the United States or of the States
or territories, or of the District of Co-
lumbia or of the municipal govern-
ments therein.

"6. An alien enemy shall not com-
mit or abate any hostile acts against
the United States or give information,
aid or comfort to its enemies.

"7. An alien enemy shall not reside
in or continue to reside in, to remain
in or enter any locality which the Pres-
ident may from time to time designate
by an executive order as a prohibitive
area in which residence by an alien
enemy shall be found by him to consti-
tute a danger to the public peace and
safety of the United States except by
permit from the President, and except
under such limitations or restrictions
as the President may prescribe.

Must Move If So Told.

"8. An alien enemy whom the
President shall have reasonable cause
to believe to be aiding or about to aid
the enemy or to be at large to the dan-
ger of the public peace or safety of
the United States, or to have violated
or to be about to violate any of these
regulations, shall remove to any loca-
tion designated by the President by
executive order, and shall not remove
therefrom without permit, or shall de-
part from the United States if so re-
quired by the President.

"9. No alien enemy shall depart
from the United States until he shall
have received such permit as the
President shall prescribe, or except
under order of a Court, Judge or Jus-
tice, under Section 4069 and 4070 of
the Revised Statutes.

"10. No alien enemy shall land in

NUMBER REDUCED.

The number of county tax supervisors was cut from five to three and the date of their appointment by County Judges changed from the November to the January term of court, in the Legislature, at Frankfort, Tuesday. Senator Theodore Diehl, of Louisville, introduced the amendment making these changes. The cut in the number of supervisors reversed an amendment adopted in the House which increased the number from three to five. The supervisors, under the new tax system, do not begin work until March, and this was responsible for changing the date for their appointment.

HOW'S THIS?

BELGIAN RELIEF COMMITTEE ACTIVELY AT WORK.

The following statement, made in London, at the headquarters of the Commission for Relief in Belgium, was given out by the Associated Press recently:

"We can state positively that not a single carload, much less a trainload, of the commission's provisions, once started for Roubaix or any other town occupied in Fance, ever failed to arrive. Not only is this true, but the actual figures of the receipt and consumption of the food made out and at tested by the French local committees at Roubaix, and checked by the commission's American delegates in the Lille district, correspond within a few pounds in the total of many tons with the figures of the amount of foodstuffs forwarded by the commission from Holland and Brussels to this district.

"In fact, the total receipts of the whole 1,882 French communes provisioned by the commission shows a loss of but two-tenths of 1 per cent. on 485,000 tons of foodstuffs sent in by the commission from Holland and Brussels.

"With regard to the statement of Mr. Whitaker that the Germans had taken American white flour and substituted rye flour a adulterated with sawdust, the facts are as follows:

"This German flour was not substituted for any American flour, but was provided by the Germans from the native French crop as an addition to the American ration, and was the same flour mixture of rye and wheat as furnished to the German soldiers. This addition amounted to 100 grammes daily per person until November, 1916, and now is 180 grammes daily.

"The commission feels that the dissemination of unverified reports of this kind tends to destroy the confidence of the charitable world in the work of distribution and, therefore, directly decreases the amount of food sent to these people, who, even according to Mr. Whitaker's reports, would be starving but for this food."

SAFE MEDICINE FOR CHILDREN.

"Is it safe?" is the first question to be considered when buying cough medicine for children. Chamberlain's Cough Remedy has long been a favorite with mothers of young children as it contains no opium or other narcotic, and may be given to a child as confidently as to an adult. It is pleasant to take, too, which is of great importance when a medicine must be given to young children. This remedy is most effective in relieving coughs, colds and croup. Obtainable everywhere.

NEW EXPRESS RUN.

A new combined mail and express service has been established on the Maysville and Lexington division of the Louisville & Nashville, out of Paris. John Dean, former Adams Express Company agent at Paris, has been appointed messenger.

Mr. Dean leaves Paris on his run at 5:30 each morning and will make two round trips each day. This is a decided improvement for both ends and the middle of the division, tending toward increased efficiency of the service.

STOP LEFT OVER COUGHS.

Dr. Bell's Pine-Tar-Honey will stop that hacking cough that lingers from January. The soothing pine balsam loosens the phlegm, heals the irritated membrane, the glycerine relieves the tender tissues. Don't neglect a lingering cough, it is dangerous. Dr. Bell's Pine-Tar-Honey is antiseptic and pleasant to take, benefits young and old, get it at your druggist to-day. Formula on the bottle. 25c.

CONGRESSWOMAN RINKIN OPPOSED TO WAR.

WASHINGTON, April 9.—The great sense of responsibility almost overwhelmed Miss Jeanette Rankin, of Montana, the only woman member of Congress, when the vote on the war resolution was taken. After failing to answer to the calling of her name twice on the first roll call, Miss Rankin rose on the second roll call, trembling, obviously badly frightened, and, with a sob in her voice, declared: "I want to stand by my country, but I can not vote for war."

Still she did not formally cast her vote and half a dozen of her colleagues, wearied by the protracted debate, demanded, "Vote! vote!" in raucous voices. Sinking into her seat, Miss Rankin whispered "No." Jerry South, chief clerk, went to her seat to corroborate her vote.

An Insinuation.

"Yes, sir, one hour's uninterrupted reading each evening would make you—"

"Uninterrupted? Where do you think my wife spends her evenings?"—New York Times.

WHY CONSTIPATION INJURES

The bowels are the natural sewerage system of the body. When they become obstructed by a constipation a part of the poisonous matter which they should carry off is absorbed into the system, making you feel dull and stupid, and interfering with the digestion and assimilation of food. This condition is quickly relieved by Chamberlain's Tablets. Obtainable everywhere.

Sterling.

—Mr. Robert Lee Frank, writing from Saranac Lake, New York, under date of April 3, says, (among other things):

"There is certainly some thick ice and some very deep snow up here. We expect to go to housekeeping to-morrow. Everything is very cheap here. You can get a small cottage for about \$60, but cannot find servants at any price whatever. We are all feeling pretty well at this writing. I am going out on a skiing expedition this afternoon. Am getting to be an expert on these Norwegian skis. Kindest regards to all, and don't fail to send THE NEWS regularly."

(Other Personals on Page 5)

PETE HAS SURELY HAD SOME FUN!

The Mt. Sterling Gazette tells of the remarkably good time one Pete Willoughby, a citizen of Montgomery county, has had, thusly:

"Pete Willoughby, who suffered three broken ribs and a broken arm while trading horses in Mt. Sterling the other day, is doing as well as could be expected under the circumstances. He and James Downs had gone to Mr. Setters' stable to look at their horses, where Pete accidentally slipped and fell into Mr. Downs' horse's heels. Consequently the result. Mr. Willoughby is a lucky guy to be living to-day. He is the only man on earth that ever had the pleasure of attending his own funeral, which happened about a year ago, when it was reported he was run over by an L. & N. train near Paris and his kin folks sent to have his grave dug and all arrived from far and near to find him enjoying the best of health. Some weeks later he was knocked in the head and robbed near Paris and lay in the hospital there for quite awhile. He also has been drowned several times and laid out for dead, but like the cat, must have nine lives. Pete is a clever fellow."

GET OUT YOUR FLAGS.

American flags are being displayed in profusion on a large number of business houses all over Paris, and the starchy banner decorates many homes in the city. Large flags will be placed in position on the court house, the Odd Fellows' building and the Masonic Temple this week. Manufacturers of flags have been almost swamped with orders for bunting and can hardly supply the demand. A wave of patriotism is sweeping through the length and breadth of the land, and the sight of "Old Glory" stirs the hearts of every true American in the present crisis.

THE PRESIDENT'S SIGNATURE MAKES WAR OFFICIAL.

WASHINGTON, April 9.—War between the United States and Germany became an actuality immediately upon President's Wilson's approval of the war resolution adopted by a vote of 373 to 50 by the House a few minutes after 3 o'clock Thursday morning.

The President affixed his signature to the resolution at 1:11 o'clock and from that moment the United States was officially at war with Germany.

All the naval militia and naval reserves were called to the colors with the President's signing of the war declaration.

Speaker Clark signed the resolution early this morning soon after its passage. It was signed at 12:14 to-day by Vice President Marshall. There was no ceremony. The pen he used was preserved.

No doubt Mr. Wilson will issue a proclamation to the American people advising them that a state of war with Germany exists and recalling to them their duties in the hour of stress and danger. The neutral nations of the world will also be given formal notice.

From now on there will be action, as sharp and decisive as the state of the nation's preparedness will permit.

Steps to further the condition of preparedness are embodied in the army bill, already introduced, selecting 500,000 men at once from among the flower of American youth between the ages of 19 and 25.

Movements of the ships of the navy are clothed in secrecy. Even the wives of officers do not know where these ships may be now nor on what mission.

The Department of Justice to-day sent agents to Eastern cities presumably in connection with stricter measures of supervision over German residents who have long been under surveillance. Hostile demonstrations of every character everywhere will be dealt with sternly.

THREE BILLIONS ASKED FOR ARMY AND NAVY.

WASHINGTON, April 9.—Congress has been asked to provide immediately \$3,502,517,000 to finance the war for one year, approximately as follows:

For the War Department, \$2,952,537,933.

For increasing the authorized strength of the navy to 150,000 men and the Marine Corps to 30,000 men, \$175,855,762.

For other necessary expenditures for the naval establishment, at the direction and discretion of the President, \$292,538,790, and

For Coast Guard, so that it may perfect and bring to a high state of efficiency its telephone system of coastal communication, \$600,000.

In broad terms, it is proposed to quadruple the enlisted strength of the navy and to have in service within a year an army of a million trained men, including the first 500,000 to be brought to the colors by selective conscription.

The budget is in addition to the regular army appropriation bill of \$240,000,000 and appropriations totaling \$517,273,802 already available for the navy.

Bills to carry out the programme already are in the hands of the congressional military and naval committees.

A CHILD'S TONGUE SHOWS IF LIVER OR BOWELS ARE ACTIVE

If Cross, Feverish, Sick, Bilious, Give Fruit Laxative at Once.

Every mother realizes, after giving her children "California Syrup of Figs" that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleaning" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful to-day saves a sick child to-morrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeiters sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company." (adv)

FIRE DAMAGES CARLISLE HOME.

The residence of Mrs. Mary Potts, at Carlisle, was badly damaged by fire of unknown origin Friday night. The fire was discovered by a passer-by, who gave the alarm.

The entire third floor of the home, which was one of the handsomest in Carlisle, was destroyed, and the other floors damaged by smoke and water, and the cave-in of the heavy slate roof. The damage will total about \$4,000, covered by insurance.

SPRAINS AND STRAINS RELIEVED

Sloan's Liniment quickly takes the pain out of strains, sprains, bruises and all muscle soreness. A clean, clear liquid easily applied, it quickly penetrates without rubbing. Sloan's Liniment does not skin or clog the pores like mussy plasters or ointments. For chronic rheumatic aches and pains, neuralgia, gout and lumbago have this well-known remedy handy. For the pains of gripe and following strenuous work, it gives quick relief. At all druggists, 25c.

WOULD RAISE TAX ON TAX OF CORPORATIONS

Taxation of the authorized capital stock of domestic and foreign corporations in Kentucky is increased from 30 to 50 cents on each \$1,000 and public utilities companies and railroad companies also must pay the tax, according to provisions of a bill that Representative Reuben Hutchcraft, Jr., of Bourbon county, a member of the Tax Commission, introduced in the House yesterday.

If the bill is enacted into law, Kentucky will net \$175,000 annually which never before has found its way into the State treasury. The only corporations in the State that will be exempt from payment of the 50-cent license tax are banks and trust companies building and loan associations and foreign insurance companies, doing business in Kentucky. Domestic corporations hereafter organized will be exempt from payment of the tax during the year in which they are incorporated.

Mr. Hutchcraft's bill increases the present license tax on corporations 20 cents and includes railroads and public utilities in the list of corporations that must stand for levy. Public utilities, including railroads, have been exempt in the past. Foreign corporations, doing business in Kentucky, must pay the license tax on the proportionate part of their property in Kentucky.

When the Kickapoo Indians appeal for government aid in getting out of Mexico it would seem high time for Americans to take a hint.

ENDORSES OUR JUDGE.

In a recent issue of the Semi-Weekly News, published at Somerset, edited by Mr. Wm. Schooler, formerly of Paris, is the following complimentary reference under the caption of "Out For Mayor" to the candidacy of Judge E. B. January, for the office of Mayor of Paris:

"Judge E. B. January, Police Judge of Paris, has announced himself as a candidate for Mayor. Judge January is known all over the State as one of Kentucky's most active Odd Fellows, and he has done more than any other one person in the State for the order. He has made a good City Judge, and will make a better Mayor. From what we can learn, is he is elected, he will go after the 'Boot-Leggers' in earnest, and if he says that he is going to make a cleaning—you can depend upon it that it will be done. Judge January is an old newspaper man, and as Paris will elect nothing but a Democrat, we are 'fer' him. The News man will watch this election with a great deal of interest, for we want to see 'Our Old Home Town' with a clean administration, and, with January in the chair there will be 'something doing' every month in the year."

"BACK HOME AGAIN."

Mr. Elbridge Snapp, formerly connected with Clarke & Co., and later with the Ardery Drug Co., in this city as pharmacist, has returned from Frankfort, where he has been associated with the J. W. Gayle Drug Co., and will again become a resident of Paris.

Dr. Snapp has closed a deal for the purchase of a one-half interest in the drug business of Dr. W. T. Brooks, which he will assume on or about May 1. The business of the firm will be conducted under the name of the Brooks & Snapp Drug Company, at the location now occupied by Dr. Brooks.

Dr. Snapp is a son of Mrs. Alice Snapp, of this city, and is well-known to the people of Paris. He stood a very high examination before the State Pharmaceutical Board in 1915. He is a young man of decided ability and of splendid character and Paris welcomes him "back home again."

SHIRTS AT \$1.50.

PRO-GERMAN RUMORS PROVEN FALSE.

Rumors and rumors of rumors that have been rife on the streets of Paris for several days regarding the alleged activities of German sympathizers in Paris and vicinity, have, upon investigation, been proven to be only rumors and nothing more.

The German citizens of Paris have so far respected the President's proclamation. They have expressed themselves as being for Germany against the Entente Allies, but for the United States, their adopted land, as against Germany.

Rumors regarding alleged misconduct and seditious utterances made by former residents of Paris, in other towns, have also proved, on investigation, to be unfounded. The air was full of rumors last week regarding Mr. Geo. Rassenfoss, of Mt. Sterling, formerly of Paris. These upon investigation, also proved to be "mare's nest" and grapevine stories. The Mt. Sterling papers pay a high compliment to Mr. Rassenfoss' patriotism, and utterly refute the many rumors regarding him.

C. W. B. M. MEETING.

The April meeting of the C. W. B. M. Society of the Christian church was held Friday afternoon, in the church parlors, the president, Mrs. J. D. Booth, presiding.

The regular business meeting was followed by a prayer-meeting. Papers and readings were given by Mrs. Jas. Arkle, and Miss Elizabeth Grimes, and vocal duets were rendered by Miss Hatie Hill O'Neill and Mrs. H. E. Foster. An Easter offering of \$112 was received, which sum will be swelled by a number of envelope contributions not reported.

The Triangle Club and the Mission Band of the Church held a meeting Saturday afternoon at 2:30 o'clock when the mite boxes were opened, and an Easter entertainment held participated in by all the members.

LOCAL GERMANS LOYAL TO U. S. AND FLAG!

Since to our deepest regret the Government of the United States has found it necessary to declare a state of war as existing between this, our adopted and beloved country, and Germany, our Fatherland, the undersigned deem it proper and due our friends and the people among whom we live to make a plain and open statement as to where and how we stand in this great crisis.

Already, many false and malicious reports have come to our knowledge regarding unpatriotic conduct on the part of some of the undersigned, all of which we hereby deny and brand as utterly false and without any foundation of truth whatsoever.

It is only natural that we, as German-born citizens, should have a warm place in our hearts for those whom we left behind us in the land of our fathers, and that during the past our sympathy has been with Germany. However, we are not unmindful of Germany's faults, neither are we unmindful of the great blessings we have enjoyed during many years in this, our new home, under the glorious Stars and Stripes.

We love the United States far better than we do Germany, else all us would not be here, and at least some of us would have returned to the country from whence we come. This, our new home has become dear to us for many reasons. We have been benefitted by your laws of freedom and liberty, and stand ready to do our full share of whatever may be necessary to uphold these laws.

Most of us are men past middle-age, engaged more or less extensively in business. Some married and with families. However, should it be found necessary now or later, you will find us, each and every one, "Johnny-on-the-spot," every one of us ready to do our duty to God and this, the country of our adoption, ready to protect Your Flag and Our Flag, Your Homes and Our Homes.

FALSE ALARM CALLS OUT DEPARTMENT.

It is becoming a diversion with some person or persons in Paris to amuse themselves by pulling a fire alarm box in order to "see the machine come." The department responded to an alarm from Box 26 Saturday night, only to find that the false alarm artist had been on the job. There was no evidence of fire anywhere and the department returned after a fruitless search.

A city ordinance provides a fine of \$75 for any person who sends in a false alarm of fire. It would not seem so funny to these fellows if they should be yanked up in Police Court and made to produce the \$75, or go to the county jail.

FIRE DESTROYS HOMES.

The residence of John Fritz, located on his farm one mile north of Breckinridge, was totally destroyed by fire. The fire originated in the roof, probably starting from a spark which fell from the heavy wind. Mr. and Mrs. Fritz and four children were at dinner at the time and the whole roof was aflame before the fire was discovered. By the time the children were gotten to a place of safety, the whole house was ablaze and Mr. Fritz was able to save only the sewing machine. Mr. Fritz carried only \$200 insurance. The home of Claude Staggers, at the top of Slate Hill, in Lewis county, was burned, with its contents. Mrs. Staggs was cooking dinner at the time and discovered the fire only in time to go out of the house. The loss was about \$1,000, with no insurance.

PUBLIC SALE OF BANK STOCK AND GOVERNMENT BONDS

Auctioneer M. F. Kenney sold at the court house door in this city, Saturday, for Mrs. Kate Bedford, administratrix of the estate of the late Mr. J. Will Bedford, ten shares of the capital stock of the Bourbon-Agricultural Bank & Trust Company, to J. H. Ewalt, for \$250 per share; sixteen shares of the same stock to Mr. Buckner Woodford for \$251 per share; and seventy-five 4 per cent. \$100 Government bonds to Mr. Buckner Woodford at \$106.25 each.

JOINS SIGNAL CORPS.

The first Bourbon county man to enlist under the Stars and Stripes for service in the present conflict with Germany is Mr. James Linville, of Paris. Mr. Linville enlisted in the Signal Corps at Lexington, Saturday, under Lieut. George P. Bush. Four men were detailed to patrol duty. Other members of the company who are late in reporting will be assigned to duty "somewhere in Kentucky," as rapidly as they report.

ANOTHER PLOT.

Sunday night about 10:30 o'clock when Engineer Herrington, night engineer at the Paris Water Co.'s pumping station, went to the plant to examine his fires, he was surprised to see two well-dressed men in the tank room, examining the machinery and carefully looking over the filtering plant. When he inquired their business there he met with the unconcerned reply that they were merely looking around the plant. Mr. Herrington, becoming suspicious, went to the office and telephoned Manager Newt Mitchell, who informed the police and fire department of the suspicious actions of the men.

Chief Link and the members of the fire department went to the pumping station in the auto fire truck, but upon arriving found the men had disappeared. Nothing had been disturbed about the plant and the men's motives in being there remains a mystery.

Manager Mitchell has had electric wires strung over the plant, and the whole building will be brilliantly illuminated every night, outside as well as inside. He has asked that all three engineers at the plant be granted police powers with authority to make arrests.

WE WONDER IF IT WAS REALLY THIS WAY?

Last Thursday night a distinguished artist in the person of Mr. Jules Falk, one of the really notables in the music world, appeared at the Paris High School Auditorium in violin recital. THE NEWS was honored with a special invitation to attend, but it being our publication night, the managing editor on a vacation, and the city editor in the natural order of things being second in command, the musical critic being indisposed and the star reporter attending the performance at the "opera house," the duty of reporting the recital fell to the office boy, who said he could manage it. Here's what he turned in at the city editor's desk, too late, though, for publication:

"Herr Falk's violin recital at the High School Auditorium last evening was the recherche event of the musical season. Herr Falk is a master of cantilever, and both in his automobile and his tour de force he wrought wonders of tonic stimulation. He was especially potent in his dolce far niente passages, and in his diminuendo crescendo appoggiatura he displayed technological skill that was simply wonderful.

"There was also a marvelous musically abandon in the mute bars, the sweet instrument in these parts of the score being impressive in silent fortissimo. But it was perhaps in advance capriccioso that he excelled himself. Here he discovered a coloratura, a bravura and an ensemble that fairly electrified his audience.

"Herr Falk, it is true, occasionally erred in an overabundance of rubato, and again in a too lambent lute-pell; but these lapses were hardly noticeable in his rendering of cantabile intermezzo. The recital, on the whole, was a marvelous exhibition of poca hontas instrumentation and incandescent cavatina."

Our society editor who takes lessons on the violin, said there was something wrong about it, though it was hard to say exactly what, and the poor city editor, upon looking the "stuff" over, was free to admit that it was all Greek to him. Still it seemed to read right to him, so far as he could discover to the contrary, and it was quite in the line of the regular reporter's composition—more luminous, indeed—and he didn't see why it shouldn't be printed. He complimented the office boy on his wonderful grasp of musical matters and technical terms, and promised to see that he had an increase in salary and a promotion to the very first vacancy on the staff.

LITTLEJOHN STRIKES WATER.

The Littlejohn Shows, which will come to Paris sometime this season, ran up against their usual streak of luck on opening the season at West Point, Georgia, several days ago. That is to say, there was a downpour of rain, which temporarily put the shows out of business. As a result the opening date was postponed, this proving their salvation. Last week the Littlejohn shows played to big business at Tallahassee, Alabama, and this week starts out with promises of good luck at Cedartown, Ala.

A postcard from Mr. George Browner, of Paris, shows the grounds almost submerged, the tents standing lonely and desolate in a lake of water.

WOMAN'S CLUB MEETING.

The final meeting of the North Middletown Woman's Club for the season of 1916-17 was held Friday afternoon. The meeting was presided over by Miss Lena Talbott in the absence of the president.

The following program was rendered: "The Silent Drama—Its Origin and Evolution," Mrs. J. W. Young; "Its Educational and Recreational Value at Class and Mass," by Mrs. John S. Talbott; "Some Famous Productions and Actors Immortalized," Mrs. Will Gay. The following delegates to the State convention at Fulton were appointed. Official delegate, Mrs. William Gay; alternate, Mrs. Henry S. Caywood; president's alternate, Mrs. J. C. Bryan, Jr.

NEW BARBER SHOP.

"Buck" Freeman has opened a new barber shop in the room in the Ficklin building, on Main street, recently occupied by the Bourbon Horse Goods Co. He has fitted up a first-class shop, and will be assisted by a first-class barber.

RECRUITS FOR THE NAVAL RESERVE SERVICE

Plans to organize a crew for the naval reserve of the government, have been inaugurated by a number of young men of Lexington, to enlist in the reserve as a crew to man a patrol boat, a submarine chaser or some other vessel now being fitted out to guard the Atlantic Coast. Wires were sent to P. P. Rodes, a former student in the U. S. Naval Academy, requesting him to act as ensign of the crew, one trained man necessary. Members of the proposed crew are Shelby T. Harrison, Jr., who was on the "Paul Jones" cruiser of the navy last year; J. Baylor Van Meter, Kenneth D. Alexander and Maurice Burnaugh. Mr. Charlton Clay, of Paris, and Mr. "Pete" Stoll, of Lexington, will also be members of the crew.

Four Paris boys who went to Lexington yesterday to enlist in the naval branch of the service passed the preliminary examination successfully. They are Edward Fitzpatrick, Ben Leach, Edward Doty and Bradley Pennington. Fitzpatrick has been connected with THE NEWS for a long time, while Leach has been with the Kentuckian-Citizen. Doty was employed in the bottling room of the Paris Distilling Co., and Pennington has been an employee of January & Connell. All four were greatly enthused over their prospects for seeing service in the defense of the U. S. A. They will go to Cincinnati next Monday where, after the final examination they will be sent to the training school at Norfolk, Va. All four are husky lads and will be able to give a good account of themselves.

Mr. Felix Renick, nephew of Mr. B. M. Renick, and Mrs. Duncan Bell, of Paris, will become a member of the Naval Reserve Corps. Mr. Renick has applied for a commission as Second Lieutenant in the Officers Reserve Corps. He is a son of Hon. Abram Renick, of Winchester, and a student in the law department of the State University at Lexington.

PARIS POSTOFFICE UNDER CIVIL SERVICE RULES.

Under the terms of an order recently issued by President Wilson, 10,217 postmasters of the first, second and third classes have been placed under the Civil Service rules. The Paris office is on the list. Unless removed for cause, Postmaster J. Walter Payne will now serve indefinitely in that capacity.

PARIS COMMERCIAL CLUB TO MEET TONIGHT.

A call for a special meeting of the Paris Commercial Club has been issued by President Catesby Spears. The meeting will be held to-night in the County Court room, in the court house at 7:30 o'clock. Matters of great importance to the interest of Paris will come up for consideration and discussion, and it is earnestly desired that all the members be present that night. Don't lag behind, but come, and bring some one with you.

A SUGGESTION.

Today's issue of THE NEWS containing President Wilson's war proclamation, will in years to come have a high historical value, like the papers containing the story of the attack on Fort Sumpter, in the opening of the Civil War; the assassination of President Abraham Lincoln; or the battle of Manila Bay, and other important events in American history. Save your copy and file it away for future generations to read!

PLANS RECEIVED FOR THE HOSPITAL ADDITION.

Plans for the proposed addition to the Massie Memorial Hospital in this city, have been received by the Board of Trustees. The Board will decide on the most acceptable plan, and after the preliminaries are settled, it is stated that the actual work of construction will begin May 1. The new addition will be modern and up-to-date in every respect and will add greatly to the capacity of the Hospital, now acknowledged to be one of the best institutions in the State.

The one thousandth patient was admitted to this institution last Wednesday, and every room is now taken by patients under treatment. Our people have every reason for congratulation upon having the Massie Memorial Hospital here, as it has been ably managed and every patient given the very best attention. And, "on our way," let us not forget the unselfish efforts of the women of Paris, whose persistence and hard work in raising the Hospital fund, gave the institution its real start on the road to erection and completion.

SOCIAL AND PERSONAL.

Comings and Goings of Our People Here, There and Elsewhere.

—Miss Corinne Collins has returned from a visit to the Misses Howell in Huntington, West Virginia.

"The Gem of the Famous Black Prairie Land Belt"**"THE ONLY ONE OF ITS KIND FOR SALE."**

IN QUARTER AND HALF SECTION TRACTS.

"TWO MILES OF SPLENDID TURNPIKE FRONTAGE."

This plantation is recognized to be the most fertile and best lying the best located and the best fenced section of land in famous Black Land Belt.

Located in Northeastern Mississippi, about four miles from the City of West Point, Clay County. West Point is a thriving city of about seven thousand, with three railroads, large cotton plant, splendid schools and made up of cultured Southern folks. This property is located on fine turnpike with the best of Kentucky families as close neighbors.

From a standpoint of productiveness, health conditions and climate, it is the most desirable to be found. This is the most attractive bargain in this stock and grain section. Three hundred growing and grazing days in a year.

The soil is noted for the production of the finest Alfalfa, Corn, Cotton, Lespedeza, or Japan Clover, Bermuda and other grasses which afford the best of pasture lands.

The Black Prairie Belt is a small area and will evidently some day be some of the highest priced agricultural lands in the entire South.

There are now something over one hundred acres of this section seeded in alfalfa. The soil produces fine clovers and is in a high state of cultivation, as years have been spent in building the soil and making improvements, which consist of a good six room bungalow and three stock barns, watered by a private water system from artesian wells. There are three wells on the section, one of which is a flowing well; quite a number of good tenant dwellings.

This is a finished farm and the best and cheapest of labor now on the plantation.

This proposition must be seen to be appreciated.

Prices reasonable; very liberal terms with six per cent. interest.

UNDERSEA BOATS IN MEXICAN WATERS?

WASHINGTON, April 9.—Persistent but hitherto unconfirmed reports of German submarines waiting in the Gulf of Mexico for the opening of hostilities of the United States were further supported to-day by advices to the Government from Europe.

The full nature of the Government's information is not disclosed, but it was received from one of the neutrals contiguous to Germany which has served as a clearing house for German information since the severance of diplomatic relations.

It was reported at the source of origin of the Government's information that more than a score of German submarines were already in Mexican waters. Persons here who have been giving attention to the subject think the estimated number is high, but feel no doubt that German submarines are somewhere on this side of the Atlantic, and that some of them have been there since early in February.

There is no doubt here that if the U-boats are in the Gulf they are being supplied from Mexican shore bases. Those who hold these views also are convinced that something closely approaching the arrangement proposed by Foreign Minister Zimmermann in his celebrated communication intended for General Carranza, have been achieved and that the whole matter including the supplying of submarines from Mexican shores, was arranged by Mexican Minister Zubaran in Berlin.

ENGINEER'S WIFE IS WELL AGAIN

Prominent Frankfort Woman Has No More Dizzy Spells.

SAYS IT'S DUE TO TANLAC

"I now feel as well as I ever did in my whole life," said Mrs. Bettie Horton of Frankfort, in telling of her recovery to health.

Mrs. Horton has lived in Frankfort for the last 26 years and is a prominent member of the Christian church. She is the wife of T. M. Horton, for 25 years an engineer on the Frankfort and Cincinnati railroad. Mr. Horton is one of the best liked railroad men in the State of Kentucky.

In telling what Tanlac did for her, Mrs. Horton said:

"I had a general break down. I would often have nervous spells and dizzy headaches. I was restless at night and had all kinds of dreams which made me lose sleep and this made me run down in flesh. Mr. Crutcher, a friend who sells us produce, recommended Tanlac so highly that I concluded to try it, and I shall always thank him for it.

"After taking two bottles I could sleep soundly at night. I have a splendid appetite now and can eat anything I feel hungry for without feeling bad afterwards.

"Really, I now feel as well as I ever did in my whole life. I think Tanlac is the finest tonic I ever took and I am now having my husband take it for his digestion."

Hundreds of others throughout Kentucky have had the same experience with Tanlac. If you are not feeling right get Tanlac today, as delay in health matters is dangerous.

Dizzy spells, sour stomach, bloating and belching, bad taste in the mouth, lack of ambition and that general run down feeling are signs that nature needs help to get the system back in shape.

Tanlac, the master medicine and reconstructive tonic, is sold exclusively in PARIS by Varden & Son. Other exclusive agents in nearby towns are as follows:

HUTCHISON, Snell & Wood; MILLERSBURG, W. G. Wadell; ELIZABETH, Oscar Smith; CARLSLE Trueman & Son; GEORGETOWN, C. H. Arnold; WINCHESTER, Duty Drug Company; AUSTERLITZ, B. S. Parish. (adv.)

HE IS ONLY A PRINTER.

(From the Typographical Journal.)

"He is only a printer." Such was the sneering remark of a leader in a circle of aristocracy—codfish quality, says a writer in the Century Magazine. Who was the Earl of Stanhope? He was only a printer. What were Prince Edward William and Prince Napoleon? Proud to call themselves printers. The czar of Russia, the Crown Prince of Russia and the Duke of Battenburg were printers, and the Emperor of China worked in a private printing office almost every day. William Caxton, the father of English literature, was a practical printer. What were J. P. Morris, N. P. Willis, James Parker, Horace Greeley, Charles Dickens, Benjamin Franklin, James Buchanan, Simon Cameron, Schuyler Colfax? Printers all, and practical ones. Mark Twain, Amos J. Cummings, Bert Harter, William Dean Howells, Joel Chandler Harris and Opie Read were plain, practical printers, as were Artemus Ward, Petroleum V. Nasby and Sut Lovingood. Senator Plumb, of Kansas, and James J. Hogg, ex-Governor of Texas, were both printers; and the leader of science and philosophy in his day made it his boast that he was a "jour" printer. In fact, thousands of the most brilliant minds in this country are to be found in large cities and towns are printers. It is not every one that can be a printer—brains are absolutely necessary.

INSOMNIA.

Indigestion nearly always disturbs the sleep more or less, and is often the cause of insomnia. Eat a light supper with little if any meat, and no milk; also take one of Chamberlain's Tablets immediately after supper, and see if you do not rest much better. Obtainable everywhere. (april-adv)

BRAZIL AND CUBA TO HELP US SCRAP!

NEW YORK, April 9.—With the proclamation of a state of war between the United States and Germany on the verge of issuance, the probability of other American nations joining this republic in hostilities is pointed to in dispatches.

Brazil, according to advices from South America, is trembling on the brink of war with Germany. A German submarine has sunk the Brazilian steamship Parana, with the loss of three members of her crew. Anti-German feeling in Rio Janeiro, as a consequence, is reported intense and talk of a speedy declaration of war is heard in responsible circles, the advices state.

The Brazilian foreign minister is quoted as declaring the situation was grave and that perhaps a declaration of war against Germany would be necessary. It is generally expected, adds the message, that Brazil will seize the interned German ships in her ports and proclaim the existence of hostilities.

The little republic of Cuba is another American nation likely to enter the war, following the action of the United States. Havana dispatches forecast the probability of such action on the part of the Cuban government.

President Mencil sent a message to Congress asking that body to declare that a state of war exists between Cuba and Germany.

Appeals for American expert advice and other assistance in prosecuting the war are coming from some of the present European belligerents. Reports from Russia indicate that an American commission of national character would be welcomed there to operate in financing, munitions and transportation operations.

Italy likewise is welcoming American co-operation and the hope is expressed there of help from the United States in the way of credit, food and increase in means of ocean transportation.

STONE CONDEMNED BY MONTGOMERY MASS MEETING.

MT. STERLING, KY., April 9.—Citizens of Montgomery County at Mt. Sterling, held a patriotic meeting at the court house last week, which was largely attended. Mayor F. K. Oldham called the gathering together and Col. A. W. Hamilton was chosen chairman. The Rev. Clyde Darsie pronounced invocation, which was followed by the singing of "America" by school children. Strong resolutions supporting the President and denouncing Senator Stone were introduced by John A. Judy and adopted unanimously. The condemnation resolution follows:

"We condemn in unmeasured terms that group of willful Senators who have used the power of their office to aid Germany, and especially do we condemn W. J. Stone, of the State of Missouri, who claims the State of Kentucky as his birthplace, and who by his conduct in using the power of his office to stifle the will of the people, has caused every true Kentuckian to regret that such a man can claim this State as his birthplace; and we call upon the Senate of the United States to remove him as chairman of the Foreign Relations Committee."

CONFEDERATE VETERAN WOULD JOIN U. S. NAVY

Another gratifying example of loyalty was demonstrated at the U. S. Navy Recruiting Office, Little Rock, Arkansas, when Mr. J. L. Leigh, of 1511 West Second street, applied for enlistment in the U. S. Navy.

Mr. Leigh requested that he be enlisted at once and sent to the largest battleship afloat for service on that vessel, and he was greatly disappointed when informed by the recruiting officer that he exceeded the required age limit by forty some odd years he being sixty-nine years of age.

Mr. Leigh is a warrior of experience, having enlisted in the Confederate Army at the age of thirteen, and having served for four years, which ended in April, 1865, under General Lee, at Appomattox.

It is most gratifying, in these times of need to find such loyal spirit in the "Boys of 1861," and such an example as shown by our worthy veteran, Mr. Leigh, will no doubt find a like response by the "Boys of 1917."

EAT BIG MEALS! NO SOUR, ACID STOMACH INDIGESTION OR GAS.

"Pape's Diapepsin" is Quickest, Surest Stomach Relief Known. Try It!

Time It! Pape's Diapepsin will sweeten a sour, gassy or out-of-order stomach within five minutes.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is usually a sign of acidity of the stomach.

Get from your pharmacist a fifty-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches or dizziness. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin helps to neutralize the excessive acid in the stomach which is causing the food fermentation and preventing proper digestion.

Relief in five minutes is awaiting you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapepsin" to usually keep the entire family free from stomach acidity and its symptoms of indigestion, dyspepsia, sourness, gases, heartburn, and headache, for many months. It belongs in your home. (adv)

THE NEW ACCESSORIES OF SPRING

Many Novelties Appear For Spring and Summer

PARASOLS, HATS AND BAGS TO MATCH

NEW YORK, April 9.
The accessories of dress to which so much importance is usually attached are more deserving of our attention at this time of the year than ever. So much that is new is being brought out for spring and summer that we cannot afford to pass them over without consideration. The perfect-fitting shoe and glove, the veil with just the right mesh to be becoming, the parasol of the smartest shape, and the bag of the newest size and outline, are all of paramount importance.

Afternoon Frock of Chiffon Trimmed With Taffeta

Parasols are perhaps the most interesting of the accessories that claim our attention just now. They have been rather neglected during the past summer, but, certainly, they are to be made very much of during the coming season, and the days are not so very far off when we shall be seeking protection from the sun under them. True, many of the new parasols make no pretense of being useful as far as shielding one from the sun goes, but they will be very useful in serving as a picturesque background for the dainty summer frocks. The irresistible charm of some of these parasols is all excuse they can offer for existence. Such are those fashioned of net, chiffon, and even lace. Some of these are lined with thin China silk, but many of them have not even this thin stuff as a foundation. These are the parasols that will grace many a summer fete and lawn party this year. To accompany them there are often hats to match of these filmy materials.

The idea of having hats and parasols to match is not seen only in these very airy and dainty sets. For sports wear, this idea is even more popular. Usually these are made of the bright sports silks in the attractive colors and designs which belong particularly to the present year.

In shapes, the Japanese style is about the most popular of any. The Japanese influence does not end with the shape only, however, for many of the silks used are scattered with Japanese designs and figures.

Short handles are noticed in a great many of the new parasols and at the ends they are often provided with a loop or strap to be slipped over the wrist, to be dropped back inside when not in use, is another fashionable style. Parasols have even gone so far as to be equipped with watches strapped to the handles for convenience.

In bags, the full, puffy silk bags with gay striped linings and shell or horn mountings are the very latest. Bead bags are still popular, only varying in shape from the first bags of this kind.

Sets of Parasol, Hat and Bag.

To have your hat and bag trimmed to match the parasol you carry, is one of the smartest effects any one can have this season, even if the trimming is only a suggestion as shown in the sketch. The dress illustrated, is one of those cool, airy affairs of chiffon cloth, which material is beginning to rival Georgette crepe for smart after noon frocks. The belt, yoke and cuffs of this model are of taffeta. The skirt is an extremely graceful model with softly draped pockets at the sides, giving an attempt at the slight bouffant effect over the hips shown in some of the new models. The general lines of the dress keep to the straight silhouette, however.

An entirely new combination in an afternoon frock is that of taffeta and

organdy, which has been used by Parisian designers. This combination is looked upon more in the light of a

Stripes Run in Many Directions in This Silk Frock

novelty than anything else. In a dress of blue taffeta there was a wide band of white organdy heavily embroidered in blue. Sleeves of blue chiffon completed the dress, to show that all sorts of materials may be combined when skilfully handled.

Stripes in Summer Silks

Along with checks and plain materials, striped silks promise to be very popular this season. There are such charming ways of making them up that they are ever so attractive when fashioned into frocks. A very delightful way of developing a striped silk is shown here. The blouse is cut kimono fashion with the stripes meeting in front to form "V's." In the box-pleated skirt, the stripes run up and down in the front and back and bias at the sides. A large, graceful collar with points falling over the shoulders, is an interesting feature of this design. This style of collar is very new and is seen on the latest coats as well as on dresses.

Soft silks and soft taffetas in changeable colors with stripes, checks, and flower designs are among the most fashionable materials. By decree of fashion, foulard, being one of the soft summer silks, is to have a prominent place among dress silks this season.

Cincinnati Man Tells How to Shrive Up Corns or Callouses so They Lift Off With Fingers.

Ouch ! ! ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called Freezone when applied to a tender, aching corn or hardened callous stops soreness at once, and soon the corn or callous dries up and lifts right off without pain.

He says Freezone dries immediately and never inflames or even irritates the surrounding skin. A small bottle of Freezone will cost very little at any drug store, but will positively remove every hard or soft corn or callous from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels. If your druggist doesn't have Freezone, tell him to order a small bottle for you. (adv)

REAL ESTATE DEALS.

Mrs. Lucy Alexander Anderson, wife of Mr. W. H. Anderson, Superintendent of this division of the Louisville & Nashville railroad, closed a deal on Friday with the heirs of the late Mr. Mike Carmody, who resides in Indianapolis, whereby she becomes owner of the two-story business house on Main street, adjoining the property of Mr. John Merringer, at a private price.
The house is now occupied by Mr. Albert Anthon as a meat market. Mrs. Anderson will at once have the old house torn away and a new modern up-to-date business house erected on the site.
Mr. C. F. Lail, of Harrison county, recently purchased of Mr. William Wilson, a small farm of twenty-seven acres, located near Shawhan, for which he paid about \$200 per acre. Mr. Wilson sold his store and residence located in Shawhan to Mr. John Current, of Shawhan, for a private price. Mr. Current will make a number of improvements in the property.
The Robert Hughes place, located at Tarr's Station, near Millersburg, containing about seventy acres, unimproved, has been purchased of Mr. R. M. Smith, of Millersburg, by Mr. Robert Johnson, of the same place, for \$185 per acre, or a total of \$13,000.

BOURBON TRAINER BACK.

The racing stable of Mr. J. W. Fuller, which has been at the Tiajuana track, in California all winter, has arrived at the Lexington track, for preliminary training for the spring races at that place. The stable is in charge of Trainer James Hukill, of Paris, and Jockey VanDusen.
The eleven horses in the string came in well and full of life. July Fly and Lazy Ben were left behind. Injury was turned out farm in Texas. To Kalon March, Dixie Marchmont, Little Marchmont II and Mary Fuller will be turned out for a while on one of the big stock farms near Lexington. The horses that will be raced at the Kentucky Association track under the care of Mr. Hukill are Tokay, Dorothy Dean, Ask Her, Beautiful Girl, Colonel Marchmont, Premium and Captain Marchmont.

SUIT FOR TAXES.

A suit in which the State seeks to recover back taxes for five years on the personal estate of the late Mr. John W. Tanner, of Bourbon county, has been filed here by Sheriff W. F. Talbott. The suit is directed against the Bourbon-Agricultural Bank & Trust Co. as administrators of the estate. Mr. Tanner's estate is estimated at about \$25,000.

DEATHS.

DIXON.
—Miss Henrietta Howe Dixon, aged fifty, died at her home in Comiskey, Indiana, recently, after a short illness. She was a daughter of Mr. Ben. F. Howe, of Bourbon county, and a sister of Mrs. Sam Shroot, of Paris; Mrs. Bettie Sparks, of Cynthia, and Mrs. Lucy Parrish, of Dayton, Ky. The funeral and burial took place in Comiskey.

NORTHCOTT.

—Mr. John B. Northcott, of Paris, received information of the death at Clifton Heights, near Newport, of Mrs. Hannah Northcott, aged ninety years. She was the wife of Rev. H. C. Northcott, founder of the Ruggies' Camp meeting, near Flemingsburg. Rev. Northcott is an uncle of Mr. J. B. Northcott, of Paris, and Editor Hiram Duley, of Flemingsburg.

LIZER.

—Mr. Albert Lizer, aged sixty-eight, a well-known farmer of the Jacksonville vicinity, died at his home early Friday morning, after an illness of several weeks. He is survived by his widow, who was Miss Allie Fightmaster, and ten grown children.

Funeral services were held at the Mt. Carmel Christian church, at 1:00 o'clock Sunday afternoon, conducted by Rev. J. R. Jones, of the Christian church. The burial followed in Battle Grove Cemetery, at Cynthia.

BARBEE.

—Mr. F. J. Barbee, one of Bourbon's former citizens, who has been residing with his son, Mr. John F. Barbee, in Monticello, Arkansas, died there last Saturday afternoon, after a short illness. The Monticello (Ark.) Advance says:

"Last Saturday afternoon about 2:00 o'clock at the residence of his son, Mr. J. F. Barbee, one of Monticello's well-known citizens, Mr. F. J. Barbee, died very suddenly. He had been ill a few days prior to his death but on the day on which he died he remarked that he had never felt better in his life. The remains were interred Monday afternoon at Oakland Cemetery, with the Rev. Flournoy Shepperson officiating. Mr. Barbee came to Monticello four years ago. He was from Kentucky having been reared at Millersburg, Bourbon county, and was a member of a distinguished family, his forefathers being among the first settlers of that State. His grandfather was a publisher of 'The Gazette' at Lexington, and the first newspaper west of the Allegheny Mountains.

"His wife preceded him to the grave a number of years ago. He is survived by an only son, Col. J. F. Barbee, of this city.

"In the death of Mr. Barbee the South loses one of its typical old chivalrous Southern bluebloods, who have made our country noteworthy for its hospitality and one-heartedness. He was the soul of honor and integrity, a man of many and close friends, a citizen of worthy and straightforward morality. Many friends, attached and bound to him during his life by his sterling traits, join in offering sympathy to the bereaved family."

APRIL NUMBER OF "EVERYSTUDENT" OUT

The April number of "Everystudent," the Paris High School monthly issued by the students of the school, has been issued from THE BOURBON NEWS job rooms.

The April number, like its predecessors, is an excellent and most interesting one, being full of good things, in a literary way, from the first page to the last.

The contents embrace, besides the athletic and editorial contributions, contributions as follows: "A Story With a Moral," by Lottie Crowe; "In Memoriam," by Edna Snapp; "A Letter From Willowmore Vale," by Lilly Kennedy; "The Biography of My Grandmother," by Dorothy Harris; "Why Go To College," by Jennings Taylor; "Toasts For the Teams," by C. C. Daves and Raymond Connell; "Revised," by Jennings Taylor; "Transcendentalism," by J. Taylor; "The Sun Fairies' Strike," by Lottie Crowe, and two unsigned contributions comprise articles dealing with the basket ball teams' successful season. Among the news features are a review of the Girls' Glee Club program; the honor roll, and expressions of esteem and sympathy to Mrs. Ernest Harris in the death of her lovely daughter, Dorothy, a P. H. S. student loved by all; also sympathy resolutions to Charles Chappell, on the death of his father. A remarkably brilliant and clever contribution by Miss Dorothy Harris is one of the features of the publication.

THE CENSORSHIP.

It is not probable that the Government and the press will have any differences as to the manner in which war news should be handled. Such requests as that the press refrain from publishing the date of the departure of steamers, or their destination, are too reasonable to be refused. The probability is that every steamer which leaves any American port now is being watched by German spies. It will be necessary to get rid of the spies before any real secrecy as to departures and destinations can be maintained, but the press will do all it can to help the cause. It will in all matters be responsive to the reasonable requests, demands or orders of the Government, assured that the Government never will try to abridge its rights as has been done in Europe.

MATRIMONIAL.

—Dan Cupid has been "listening in" on the telephone wires again. This is the information conveyed to THE NEWS man, meaning that another of the Cumberland Telephone Co.'s popular operators is to renounce single blessedness and soon become the wife of a former county official, who is now engaged in farming near Paris. The marriage will take place in Paris this week. The bride-to-be and her future husband have both been residents of Paris several years, and both are deservedly popular.

DAVID—WILSON.

—Miss Josephine David, daughter of Mrs. M. David, of Shawhan, and Mr. Jewell Wilson, of Grant county, were married by Rev. W. O. Sadler, pastor of the Paris Methodist church, at the home of the bride's mother, in Shawhan.

CASSELL—STEWART.

—Miss Mary Leonard Cassell and Mr. Willis Taylor Stewart, both of Lexington, were married in that city last week. Both are well known here, where they have been frequent visitors as attendants upon the society dances.

The bridal couple are now on their honeymoon trip, going to Fort Worth, Texas, the former home of Mr. Stewart. They will return to Lexington in about two weeks to reside.

FISHER—HENRY.

Miss Ruby Fisher and Mr. Arthur Harney, both of the Ruddles Mills vicinity, who secured a marriage license from County Clerk Pearce Paton last week, were married in Lexington in the private parlor of the Phoenix Hotel, Rev. I. J. Spencer, pastor of the Central Christian church, officiating. Friends of the young couple who witnessed the wedding were Miss Margaret Wilkerson, Mr. R. B. Rankin, Mrs. C. W. Harney and Miss Bessie Harney.

The bride is a daughter of Mr. and Mrs. James Fisher, of Ruddles Mills, and has been a teacher in the county schools for several terms. She is a handsome and accomplished young woman. Mr. Harney is a well-known young farmer of the Ruddles Mills precinct.

A PRECAUTIONARY MEASURE.

Owing to the possible danger of important long distance messages being intercepted at night by designing persons, possible enemies of the American government, orders have been issued to managers of all exchanges of the Cumberland Telephone Co. to have all street entrance doors and other exits securely fastened from five o'clock in the afternoon until eight o'clock the following morning. Orders to this effect were received by Manager H. H. Floyd, of the Paris exchange, Sunday.

This is a purely precautionary measure, taken because the Government will now be using the long distance service in transmission of orders and assignment of troops for guard duty in the State. It has been pointed out that it would be a comparatively easy matter for someone with an expert knowledge of the workings of a telephone system to get possession of valuable information by means of the local telephone booth. It was rumored Sunday that guards would also be placed in the exchanges to protect the night operators and to watch for interference with the service.

The general public will understand from this why the Main street doors of the Paris exchange, in the Odd Fellows building, are closed and locked from five p. m. to eight a. m. the following morning, and govern themselves accordingly.

POPULAR SUPERINTENDENT HAS PRIVATE CAR.

The Louisville & Nashville has presented Mr. W. H. Anderson, Superintendent of the Kentucky Central Division, with a handsomely fitted up private car, which he will use in his inspection tours over the company's lines.

The car is a model of completeness and has every modern convenience for the comfort of the occupants, being supplied with sleeping compartments, kitchen, dining rooms, observation compartments, etc.

MEETING OF CREDITORS.

The creditors of Mr. Adam R. Davis restaurant man, who filed a petition in bankruptcy some time ago in the U. S. District Court at Frankfort, held a meeting at the court house last week. Attorney P. A. Thompson was selected as Trustee for the bankrupt, and Messrs. Leer Stout, Frank Burton and J. A. Farris were selected to appraise the estate which will be disposed of at public sale soon.

TO ADMINISTER ESTATE.

The Bourbon-Agricultural Bank & Trust Company has been appointed by the County Court to administer the estate of the late Mr. John W. Tanner of Bourbon county, who died suddenly in Louisville some time ago while on a visit.

The Trust Company qualified by giving bond in the sum of \$25,000, without surety, their charter dispensing with same. Mr. Tanner's estate, estimated at more than \$25,000, comprises a large amount of cash, notes, etc.

RELIGIOUS.

—Mr. and Mrs. Robert Meter, of Hutchison precinct, have united with the Paris Presbyterian church.

—The children of the Methodist church were given an old-fashioned egg-rolling Saturday afternoon in the yard of Mr. C. O. Hinton, on Main street.

—Rev. George H. Harris, rector of St. Peter's Episcopal church, conducted Easter services and administered the Holy Communion at the evening service in the Cynthia church Sunday.

TO STOP VOTE

BUYING AND SELLING.

It is said that a fund is being raised in this city and county by a number of interested citizens in the interest of securing a clean and honest vote for all candidates on the ticket to be voted for at the primary election in August.

The fund, according to the best available information, has reached a sum in excess of \$3,000, which will be used in a judicial way, in engaging the services of private detectives and to prosecute all violators of the laws. It is said that the sum will probably be doubled before its use will be required.

The recently-enacted corrupt practice law will do away with vote-buying and selling in a large way. Every candidate will be required to list his expenses, stating clearly what all monies were expended for, and certainly none would be brazen enough to violate this law, with its rigid provisions.

THE WEATHER.

The forecast of the week beginning Sunday, April 8, as sent out by the Weather Bureau, is as follows:

For Ohio Valley and Tennessee—Unsettled and rain beginning of week, followed by fair until about Thursday or Friday, when rain again probable. First part cool; warmer after Tuesday.

The mean weather man rudely upset the well-laid plans for Easter parade Sunday, and set about the meanest weather the department had in stock. Following delightful weather of Saturday, Easter Sunday developed into a day of mingled rain and snow almost approaching a blizzard Sunday afternoon. Those who had anticipated the day as one of warmth and sunshine, in order to display their new spring outfits, were sadly disappointed. There was a good attendance at the Easter services in all the churches, despite the very disagreeable weather. The services were very impressive, special Easter music and sermons making up the program.

BIRTHS.

—To the wife of Mr. Thurman Hinkle, near Little Rock, a daughter, christened Anna Margaret Hinkle.

PUTTING IT ON "BEN."

In its "Notes of the Traveling Men" the Sunday Lexington Leader says: "The Hon. Benjamin 'Uneeda' Downey is the happiest man in Lexington today. He received a wire from the New York office Saturday telling him that he is the first man in the Southern jurisdiction to get on the roll of honor of the sales and general efficiency force of the National Biscuit Company. Ben is one of the most popular salesmen in Lexington territory."

ANNUAL BANQUET.

The annual banquet of Everyman's Class of the North Middletown Christian Church, one of the social events that have made that section and class famous, will be held at North Middletown in the old Christian church building on Thursday evening, April 12, at 7:00 o'clock. The people of North Middletown never do things in a half-hearted way, so those who attend this banquet will have a rare treat. A number of prominent speakers will be present, and there will be a general all-round good time.
